

Case Study Report

Garden Reach Bangla Basti Academic Development Society, WB

1. SaltanatBano (Trade: Helper for Nursing)

Saltanat is a widow having a male child and now living with her mother at Metiabruz area of Kolkata. She belongs to a poor family with very less qualification. In the early age, she got married with a boy who was a resident of Delhi. However, she gave birth to a boy in the year 1997 and just after that her husband died in an accident. In laws of Saltanat started misbehaving and finding no other way for survival and with a view to look after her child carefully she opted to stay with her mother's house at Metiabruz area of Kolkata. She started her struggle by working in other families and also through preparation and selling of some food items to her neighbors and also by arranging tuition of the children reading in Primary stage. During May, 2010 she heard about the training programs of Garden Reach Bangla Basti Academic Development Society and applied for joining the Course on '**Helper for Nursing**' sponsored by **FVTRS, Bangalore**. Her application was granted, and she successfully undergone four months duration training from **June, 2010 to September, 2010**

Due to her talent, she immediately got a job in a Nursing Home of the locality and started earning around Rs. 2500/- per month. Gradually, she become a reputed Helper for Nursing and started receiving offers from other health establishments of the locality.

Now she is working in a Nursing Home in the Day Time and assisting the Chamber of a Doctor in the morning and evening hours (2 hours per shift and in different locations). Besides, she is also earning through pushing Injection, collection of Blood for pathological tests, measuring Blood Pressure etc.

Her son is now reading in 1st year degree course and her earning is now around Rs. 15000/-per month. She is now maintaining a good life with equal dignity and honors with others. She is incredibly happy now

Thanks to FVTRS
